

FIRST AID

THAT MOVES WITH YOUR FLEET

When emergencies happen miles from help,
Preparation Matters.

THE SMART SOLUTION IN FIRST AID

Fleet environments are tough on first aid. Supplies get used, lost, or expire and nobody has time to manage it manually. SmartCompliance® makes it easy to keep vehicles and crews' inspection-ready with organized kits, fast replenishment and simple tracking.

11.5" x 13" x 3.25"

SmartCompliance Advantages

Organized Grid System:

Keeps supplies clearly separated and visible, so anyone can locate the right item quickly even under stress. It also speeds up inspections and reduces restock guesswork.

ezRefill™ System:

Refills are simple and accurate, so the right items get reordered without overbuying. Perfect for fleets managing multiple vehicles, routes or job sites.

SafetyHub™ Refill Management App:

Scan, track, and reorder from your phone. Great for teams that want simple, consistent replenishment without adding admin work for drivers or supervisors.

Maximize Fleet Safety with the Refill Management App!

- ✓ Easy replenishment
- ✓ Set automatic reminders for checking stock levels
- ✓ Easy to use barcode scanning
- ✓ Keeps your fleet in compliance
- ✓ Unitized boxes are now available on the app!

FIRST AID THAT WORKS AS HARD AS YOUR FLEET

Stay compliant, organized, and ready with solutions built for real fleet environments.

Transportation Unitized First Aid Kits

91549 Plastic Case **PIECES 167**

3" x 9.75" x 11"

91550 Plastic Case **PIECES 221**

14.25" x 11.75" x 3.5"

A compliant, inspection-friendly kit designed for fleet environments. Unitized packaging keeps contents organized, protected and easy to identify during restock. Supports consistent first aid coverage across vehicles.

***Refills available through the Safety Hub app**

Contractor First Aid Kits

91335 Plastic Case **PIECES 130**

10" x 7" x 2.5"

91351 Metal Case **PIECES 263**

14" x 9" x 2.5"

Built for tougher environments and higher-use crews. Includes practical injury-response supplies for everyday incidents and job site needs. A strong option for maintenance teams and field crews who need more than basic first aid.

Mobile Eyewash Station

91552 Clear Plastic Case **PIECES 6**

4" x 13" x 11.5"

Portable eyewash support for crews exposed to dust, debris, or irritants on the job. Designed for fast response when fixed eyewash stations aren't available. Ideal for roadside, yard and field maintenance environments.

BE READY WHEN EVERY SECOND COUNTS

Equip Crews To Act Fast During Serious Emergencies Until Help Arrives.

When emergencies happen, response time is everything. These solutions support fast action during serious incidents including: major bleeding, vehicle accidents, and cardiac events- giving drivers and crews the tools to respond until EMS arrives.

PROTECT CREWS FROM HEAT & ENVIRONMENTAL RISKS

Stay Ahead Of Heat Stress And Outdoor Hazards With Fast-Response Solutions. Transportation teams face real exposure risks: heat, sun, burns, and outdoor hazards. These kits help fleets respond quickly and reduce preventable downtime during hot-weather operations.

Heat Stress Kits - Medium & Large

Designed to support early response to heat-related illness during outdoor and summer operations. Ideal for drivers, yard teams, and field crews exposed to high temperatures. Helps teams respond quickly before a heat issue becomes an emergency.

91782 Large Plastic Case **PIECES 34**
10" x 7.5" x 3"

91781 Medium Plastic Case **PIECES 16**
8" x 5" x 3"

Quick Add-On Protection

Burn Care Kit
440-0/FAO Plastic Case **PIECES 11**
7.6 x 4 x 2.3

A compact add-on designed for fast response to minor burn injuries. Ideal for fleets handling engines, equipment, shop tools, or maintenance work. Easy to stage in vehicles, shops and job boxes.

SunX30 Sunscreen Lotion Packets
18-350 Cardboard Box **PIECES 50**
8" x 4.5" x 10"

Small, compact & easy to carry packs for any outdoor team - especially for long shifts, job sites and summer operations.

FIRST AID WHERE YOU NEED IT MOST.

Improve access and visibility so crews can act fast when it matters. The best first aid kit is the one crews can reach quickly. These vehicle-specific options improve access, visibility and consistent placement, so supplies don't get buried under gear or forgotten.

Vehicle First Aid Kits

10-Person Light Duty Vehicle First Aid Kit

91150 Plastic Case **PIECES 89**
8.25" x 5.5" x 3.25"
A compact kit designed for standard fleet vehicles and daily use. Includes practical first aid essentials for minor injuries and quick response. A great option for keeping coverage consistent across a large fleet.

Heavy Duty Vehicle First Aid Kit

91336 Metal Case **PIECES 115**
10" x 7" x 3"
Expanded coverage for higher-risk environments and larger vehicles. Designed for crews who may be farther from immediate help or exposed to more hazards. Supports broader injury response with more robust first aid coverage.

Vehicle Headrest First Aid Kit

91389 Fabric Bag, Standard **PIECES 93**
3.75" x 9.5" x 10.5"
A space saving kit designed to mount directly on a headrest for quick access. Ideal for fleets that want first aid supplies visible, standardized, and easy to reach.

PERSONALIZED KITS: BUILT FOR YOUR FLEET

Custom solutions designed to match your fleet's unique risks and needs.

✓ Easy Personalization with your logo on the front

Add a logo & contact info to the front of your company's personalized first aid kit. Labeling and silkscreening are available. Both are durable, sun and weather resistant.

✓ Complete Customization with customized kit contents; and branding front and back

You can add a logo, contact info or unique art to the front and back of your customized first aid kit. Need More? Take it a step further by customizing the contents of your first aid kits to fit individual needs and requirements.
